### Creating a Newspaper Article

If you want to write on this document you need to open it, click file in the upper left part of your screen, click on “ make a copy “, name it whatever you like, and then share it back to me at [jhunter@thetomorrowcenter.org](mailto:jhunter@thetomorrowcenter.org)

Choose an event that we have studied so far in class ( For example: Reconstruction, The Spanish-American War, Labor Unions, World War I, Women’s Suffrage, etc ) and create a newspaper article about that event as if it was written during the time when the event took place.

I suggest writing about something specific. For example, it would be easier to write about the assassination of Abraham Lincoln than all of Reconstruction, and it would be easier to write about the sinking of the Lusitania than all of World War I.

Your article must include:

- At least **two full paragraphs**
- A **title** for your newspaper article.
- At least **three very specific historical details** such as dates, people, events, or ideas.
- Language that is appropriate to the time period.

Send any finished work or questions to me at [jhunter@thetomorrowcenter.org](mailto:jhunter@thetomorrowcenter.org). If this is a snow day I’ll probably just be sitting around my house watching Netflix and can lend a hand.
